Store in a gun safe.

Store unloaded.

Store ammunition locked away from gun.

Make sure the gun

Nearly half of the homes in the U.S. have guns. If you own a gun: Make sure your child never gets a hold of the gun. Never keep guns:

Under a bed In an unlocked drawer Loaded has a child-proof trigger lock. Store the gun in a lockable case.

Be aware that children are curious about guns.

## FIRST AID KIT

Have you noticed that a bandage may stop tears?

For just a few dollars you can make a simple first aid kit to take with you when you travel.

You will need:

- 1. Plastic zipper bag
- 2. Bandages
- 3. Gauze and tape
- 4. Tweezers-to remove small splinters

- 5. Wash cloth
- 6. Non-latex gloves

The washcloth may be used for cleaning or to make an ice pack. The zippered bag will store everything and can also be used as an ice pack.

Look for bandages on sale. Small travel packages can cost less. Page 2 www.drakeheadstart.org

# **NEVER LOOK AWAY**

Never take your eyes off children in water. Even for a moment!

Here are some important rules for watching children in water:

- Do not talk on the phone.
- ⇒ Do not rely upon "water wings".
- ⇒ Do not rely on other plastic water toys to keep your child safe.

- $\Rightarrow$  Have a telephone handy.
- ⇒ Keep children in your sight at all times.
- ⇒ Do not read.

⇒ If your child cannot swim, stay within reach.

# A banana or an apple for a snack?

Are you or a family member dealing with an opioid addiction?

There is help!

### MAKING CHOICES

Children love to make choices. By making small choices, it is often easier for children to go along where there is no choice.

There are many ways that children can make decisions. Parents can provide acceptable choices and have their child pick one. Examples might be:

- The red shirt or the blue shirt to wear
- Orange juice or apple juice to drink
- Strawberry yogurt or vanilla yogurt to eat
- A banana or an apple for a snack

## IT CAN START INNOCENTLY!

Opioid addiction is one of the fastest growing substance abuse disorders in Iowa. It can be innocent in how it starts. Visiting your doctor for pain.

There is a feeling of safety when a powerful drug is coming from a doctor. The problem is when prescription opioids are not used by the person they were intended or in the amount

prescribed.

As people use opioids, their tolerance increases. This can lead them to switch from prescription drugs to cheaper ones like heroin.

## FREE SUMMER READING PROGRAMS

Libraries can be magical places during the summer, and they often have summer reading programs, book clubs, and events for kids like puppet shows and storytelling.

Check your library calendar for special events

throughout the summer.

Read aloud every day. Try to find time each day to read aloud to your children. Read aloud in different places, from the porch to the park. And don't be afraid to use silly voices and act out the story.

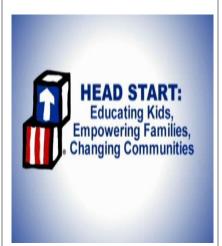

The more that you read, the more things you will know.
The more that you learn, the more places you'll go.
