

Transportation Safety

- Children must be properly secured in safety restraints.
- Practice safe riding procedures.
- Always practice safe procedures when boarding and leaving the vehicle.
- Be extra careful in crossing the street to and from the vehicle at stops.
- Recognize the danger zones around a vehicle.
- If your child rides a bus, they should participate in an emergency evacuation drill on the vehicle. Two drills per year are recommended.
- Be sure never to leave a child unattended in a vehicle.
